5 Cases Nos. 38 & 43

No more than 95 lbs per acre of an irrigable area is admissable under para 6 of the rules.

4 Deducting a sum of Rs 4000/- on account of these 11 cases, the sanction has to be amended to a sum of Rs 9800/- for 38 applications. As already stated the allotment is only Rs 10,000/- from which it is believed that Pleader Venkatasubbiah's loan has been advanced. The balance Rs 9000/- hardly suffices to meet the cases of the 38 applicants referred to above. Besides this the Deputy Commissioner has asked for Rs 2000 more money for works

in dry land & under his own authority to the fortnightly returns called for ~~this question~~ have not as yet been furnished, no data is available in this office as to the exact amount available for wet and garden lands.

5 Submitted for orders.

Please put up a draft calling for the fortnightly Returns to enable the Govt to see what funds are available to meet the present applications.

The reports (& statements) called for from the Dy: Comrs: of Bangalore, Kolar, Tumkur, Chitaldrug & Shimoga in the Govt Order referred to above have been received.

With regard to the enquiry as to whether increases have been entered in the Khates of the individuals concerned —

the Dy Comrs of Bangalore & Tumkur state that the instalment due by each individual has been duly entered in his Khate and arrangements for collection have been made.

The Dy Comr, Kolar, states that in many cases the increases (instalments) have been entered in the Khates of the individuals concerned & that the Amildars have also been directed to pay strict attention to the same.

The Chitaldrug Dy Comr states that the increases have been duly entered in Khates in the Harihar Taluk, but in the ~~Davangere~~ Taluk, not in the Harihar & Davangere Hobs; & that orders have been issued to all the Amildars to secure uniformity of procedure in this respect.

Government having
decided in their Proceedings
No. 7631-40 dated 25th September
that the Special Reserve

to Irrigation Wells should in the
first instance be brought into
force in the Tanjore, Kolar and
Chittaldroog districts, where they
were in great demand, I was
directed to organize and conduct
the work. I entered upon my
duties on 1st October 1891. On
Communication with the Local
Deputy Commissioners I issued
necessary instructions to the Amildars
for the entertainment of applic-
ations and the opening of the
necessary registers & prescribing
forms for the same. I Commenced
my work in the Chittaldroog
District and during my first
tour I found it necessary
to explain to the people the liberal
intention of the Government
in framing the rules and the advantages
derived therefrom. Up to then
very few applications had been
received. The applicants generally
preferred to make their own trial Wells
and I approved of the measures as

as it caused much trouble, delay and expense to Government. Trial Works were then excavated and Loans sanctioned. In the meantime owing to the increased depths of draught, Mr. Chanmugadaiya was appointed Special officer for Kalas and I was directed to confine my operations to Amuktamalyada and Chittoor. From the latter part of December 1891 to about the middle of March 1892 I was engaged in the Amuktamalyada District.

In March and April 1892 I made a second tour through the Chittoor and Amuktamalyada Districts examining additional Loans and also inspecting some of the works that were in progress for which payments had previously been made.

3. Government in Proceedings No. 2414 dated 4th May 1892, sanctioned the provisions of the Special Rules for the Inundation Service

except the district of Mysore and the Malnad taluks & Hassan part of the Bangalore district and the Canarese parts of Kanara Kadapa & Bellary & from June to October 1932 & explained to the people assembled at different places the chief object of Government in introducing the measure.

4 During the time that I officiated as Deputy Commissioner of Chitaldrug from October 1932 to April 1933 I inspected almost all the works sanctioned in that District, in the previous year and which were in progress. In April 1933 I again inspected parts of Tumkur and intended continuing my tour into the Kolar District, but I was not able to do so, as since then I was kept engaged in acquiring lands for Government at Bangalore.

for each district and the amounts
advanced thereon from time to
time.

Sanct. of 1879 W'sllo —
involving a loan of Rs 4,13,532,
65'2 W'sllo on a little over a third
have been completed and final
loan order issued and things
927 are shown in the statement
as still incomplete, & the work
in respect of 279 W'sllo are reported
to be completed, but the issue
of loan order is deferred owing
to the non-receipt of necessary
details for the preparation of the
loans. Then 931 W'sllo or a little
over half the number of W'sllo
sanctioned are already completed.

7 In 270 Cases involving
an advance of Rs 26,853, rupees
26259-6-3 have been received
apart from interest of Rs 1231-6-10.

8 There thus remain 648

X. With Statement

REPORT ON THE WORKING OF THE IRRIGATION WELLS SCHEME FOR 1891 TO 1895.

With reference to Government Proceedings No. 2305-6—R. 880, dated 22nd ultimo, I have the honor to submit the final report of the working of the Irrigation Wells Scheme from the year 1891 to 1895.

2. Government having decided in their Proceedings No. 7531-40—Cir. 133, dated 29th September 1891, that the special rules relating to Irrigation Wells should in the first instance be brought into force in the Tumkur, Kolar and Chitaldrug Districts, where they were in great demand, I was directed to organize and conduct the work. I entered upon my duties on 1st October 1891. In communication with the several Deputy Commissioners I issued necessary instructions to the Amildars for the entertainment of applications and the opening of the necessary registers, &c., prescribing forms for the same. I commenced my work in the Chitaldrug District, and during my first tour I found it necessary to explain to the raiyats the liberal intention of the Government in framing the rules and the advantages derived therefrom. Up to then very few applications had been received. The applicants generally preferred to make their own trial wells, and I approved of the measure, as it saved much trouble, delay and expense to Government. Trial wells were then excavated and loans sanctioned. In the meantime, owing to the increased signs of drought, Mr. Nanjundaiya was appointed Special Officer for Kolar, and I was directed to confine my operations to Tumkur and Chitaldrug. From the latter part of December 1891, to about the middle of March 1892, I was engaged in the Tumkur District. In March and April 1892 I made a second tour through the Chitaldrug and Tumkur Districts, sanctioning additional loans and also inspecting some of the works that were in progress for which payments had previously been made.

3. Government in Proceedings No. 414, dated 4th May 1892, having extended the provisions of the special rules to the whole Province, except the District of Mysore and the Malnad taluks, I visited parts of the Bangalore District and the maidan parts of Hassan, Kadur and Shimoga from June to October 1892. I explained to the raiyats assembled at different places the liberal object of Government in introducing the measure.

4. During the time that I officiated as Deputy Commissioner of Chitaldrug, from October 1892 to April 1893, I inspected almost all the works sanctioned in that District in the previous year and which were in progress. In April 1893 I again inspected parts of Tumkur, and intended continuing my tour into the Kolar District, but I was not able to do so as since May I was kept engaged in acquiring lands for Government at Bangalore.

5. The accompanying statement prepared in the form prescribed by Government, with certain necessary additions, shows the number of wells sanctioned for each District and the amounts advanced therefor from time to time.

6. Out of 1,849 wells, involving a loan of Rs. 4,13,532, 652 wells or a little over a third have been completed and final loan orders issued, and though 927 are shown in the statement as still incomplete, yet the works in respect of 279 wells are reported to be completed, but the issue of loan orders is deferred owing to the non-receipt of necessary details for the preparation of the same. Thus 931 wells or a little over half the number of wells sanctioned are already completed.

7. In 270 cases, involving an advance of Rs. 26,683, Rs. 26,259-6-3 have been recovered apart from interest of Rs. 1,231-6-10.

8. There thus remains 643 wells still to be completed. Of this number, 280 wells are those sanctioned within the last two years, and the receivers of advances cannot be said to have altogether failed to fulfil their engagements, since experience has shown that irrigation wells cannot be properly completed before two years.

9. Orders have been issued in the case of some of the recepients of the advances during the previous years to recover the loans from them, and such cases may come up to about 200. In the remaining cases time has been extended till the end of December next, when the Amildars report that they are likely to be completed judging from the amount of works already executed.

10. In conclusion I beg to state that the records, cheque books, registers, &c., pertaining to the several Districts have been forwarded to the respective Deputy Commissioners. The registers and other papers of a general nature will be forwarded to the Central Office in due course.

B. G. KRISHNAIENGAR,
Sub-Division Officer on Special Duty.

The 18th September 1895.

Dated, Tumkur, 5th November 1896.

To The Secretary to the Government
of Mysore, General and Revenue
Departments.

Sir,

With reference to Government Order No. 1535-43 / 2742-96 dated 10th August 1896, sanctioning an allotment of Rupees 20,000/ to the Tumkur District for ~~...~~ advances for irrigation wells during 1896-97, and directing that the sum of Rupees 6050/ appropriated in 1895-96 in excess of the sanctioned allotment of Rupees 10,000/ for that year be met out of the grant for the current year, I have the honor to report that the total amount of loans sanctioned in the year 1895-96 was Rs. 18,500/ as shewn in the margin. As only Rupees 10,000/ was allotted for that year, the remaining Rupees 8,500/ have to be met from the allotment of Rupees 20,000/ made for the current year, leaving a balance, Rupees 11,500/ for 1896-97.

Total 18,500.

Government the Statement referred to in Government order No. 6568-72 of R.T. 55-95 18th January 1896 has since been transferred to the Sandur Taluk, and that consequently the sum of Rupees 325/- advanced to Gopalaiah of Nandihalli has been shown under the Sandur Taluk instead of, under the Hosapete Sub Taluk.

3. Owing to a clerical error, the amount advanced to Gowda Gowda of Gubbi was entered as Rupees 200/- instead of Rupees 100/-, the mistake being due to the fact that though Rupees 200/- was originally sanctioned, Rupees 100/- was subsequently disallowed and a loan order was issued for Rupees 100/- only.

I have the honor to be

Sir

instalments have been entered in the respective Khata's and the Amildars directed to pay strict attention to the same. The Dy Comm^r of Chitaldroog submits that it is reported that in the Harihar Sub Taluk the increase on account of instalments have been entered in the Khata's of the individuals concerned & that such is not the case in the Hirisur and Davangere Talukas, & that orders have been given to all the Amildars to secure uniformity of procedure in this respect. Secretary.

To the Ex Commrs of Rangalore, Kolar, Tumkur Shimoga & Chittaldroog Districts

Deducting from the amount of Rupees 9.30, sanctioned for 28 wells in Government order, No: 2841-42 dated 14th September 96, the balance available for future applications is only Rupees 2365, and not Rupees 2465 as mentioned in the said order. This amount is quite insufficient to meet the requirements for the remaining portion of the year. From the list appended hereto it will be seen that applications for Rs: 3,175 are pending disposal in the Taluk. I therefore request that a further allotment of Rupees 30,000 may be sanctioned for the current year 1896-97.

Proceedings of the Government of Mysore,

READ AGAIN:—

Letter No. 1055—254, dated 2nd September 1896, from the Deputy Commissioner, Kolar District, submitting statements Nos. 1 and 2 of irrigation wells for the fortnights from 1st October 1895 to 30th June 1896.

READ:—

Letter No. 1188—295, dated 15th September 1896, from the same officer, submitting statements Nos. 1 and 2 for the fortnights in the months of July and August 1896.

No. 4204-5—R. F. 2-96, DATED, BANGALORE, 4TH NOVEMBER 1896.

ORDER THEREON.—It is observed that, under para 6 of the Irrigation Wells Rules, the special annual charge must not exceed Rs. 5 per acre of the irrigable area. But in the cases noted in the margin, this limit will be exceeded if the period for repayment be as given in the statement. For the above reason a revised statement submitted by the Deputy Commissioner increasing the number of instalments in the case now in question and in other similar cases, was approved in Government Proceedings No 19687-8—R. F. 26-92, dated 14th April 1893. In cases Nos. 2 and 6 noted in the margin the annual charge will be more than Rs. 5 per acre even if the loan were repayable in 30 years, which is the highest period allowed. The amount of the loan orders should have been reduced to the necessary extent as observed in a similar case in Government Proceedings No. 3238—135-95, dated 22nd September 1896.

2. From the remark made in the statement submitted with the 2nd of the letters read above, it is clear that a loan of Rs. 200 was promised to Srikantaiya of Kallur for sinking two irrigation wells, one of which was completed, and the sum of Rs. 100 advanced for the other well, which was not completed, was utilized towards the adjustment of the completed well. This is objectionable. The irrigable area of the completed well being only 33 guntas, the maximum amount that can be advanced is Rs. 75. The amount advanced for the well which was not completed ought to have been recovered as required by the rules.

3. The Deputy Commissioner's attention is directed to the above observations with a request that the necessary steps may be at once taken in the matter. If the special sanction of Government be required in any case, a separate report with full particulars may be submitted.

4. The period of 12 years fixed for repayment of the loan granted to Muniyappa of Balla, Mulbagal taluk, extends from 1896-97 to 1907-8, and not 1906-7, as noted in the statement. This should be rectified.

M.G.C.P.P.—14-11-96—600

No. 3—D, DATED, BANGALORE, 13TH NOVEMBER 1896.

ORDER.—The North-east Monsoon having so far proved disappointing, Government are of opinion that every encouragement should be afforded for the early execution of works of permanent usefulness by a liberal grant of loans to raiyats for land improvement and irrigation wells. The Deputy Commissioners of the Bangalore, Kolar, Tumkur, and Chitaldrug districts are accordingly requested to ascertain by careful enquiry the amount required to meet the demand for such loans, and to apply as early as practicable for such funds as they may wish to be placed at their disposal for this purpose. In granting loans the necessity of providing employment for local laborers during the present season must be borne in mind, and preference given to applications from such raiyats as are willing to start and carry out the works in question immediately.

Dated, Shillong, 8th April 1897.

To,

The Secretary
to the Government of India
General and Revenue Department

Sir,

I have the honour to state that out of a sum of Rs 19000 mentioned in the marginally noted Government proceedings on account of loans to be granted for Irrigation wells in this District during the official year ending 30th June 1897 applications for loans have been sanctioned to the extent of Rs. 8970 thus leaving a balance of only Rs 30 on this date Several applications have been received from the aboriginal Tribes for repair of old wells in wet and Garden land and they are referred to the General Assistant Commissioner

Government of India Proceedings Nos: 1535-43 W. 72-96
Nos: 6543-94 E. 72-96
dated 25-1-97 forwd 500 Rs
dated 10-8-96 for Rs 19000

for investigation and report. To meet this and other requisitions from the pressing claims, a further sum of Rs 5 lacs is absolutely necessary. I therefore request that early attention of Government be obtained for the same.

I have the honor to be

Sir,

Your most obedient servant

To
The Secretary to the Government of
Mysore General and Revenue
Department -

Sir

With reference to your docket
No. 8579/2894 of the 31st March 1897
observing that not more than 60
Rupees could be sanctioned to one
Channabasaiya on account of an
irrigation well, the irrigable area
of his land being only 2 6 guntas
(15 guntas of dry and 11 garden) and
requesting that the necessary step
to correct the error may be taken
in the matter I have the honour to
state that the applicant has consented
to receive only 60 Rupees and construct
the well meeting the further cost from
his own pocket. I therefore request
that the sanction of Government may
be accorded for the grant of the
loan in question under Government
proceedings No. 2508 1-89/R. 3738 of the 28th June 1896
